ATLANTA, GEORGIA.....JULY 28.

Trouble in Edgefield, Carolina.

The Augusta papers, for several days which, by the way, came to us in a lump this morning, contain full accounts of wide trouble in Edgefield Court House, Carolina. Some time back, two negroes were killed, and three white men arrested on suspicion, among them a Confederate one-armed soldier—Lanier. The Radical Coroner, Eichelberger, was burned in effigy, upon which he induced Governor Scott to order out the negro militia, and send 400 guns to arm them. At the head of a large band of these armed blacks, Eichelberger and Hubbard, the State Constable, marched in and took possession of Edgefield village.

They seized the jail and placed a heavy guard around it. They made one of the prisoners named Hatcher make a confession. Great excitement prevailed. The citizens were acting quietly under the outrage. Eichelberger disappeared and went to Augusta, where he was lurking among the negroes. The negroes in Edgefield county are all leaving their work and crowding to town to join the company that Eichelberger is authorized by Governor Scott to enlist.

The people of Edgefield have sent a committee to remonstrate with Governor Scott. Eichelberger was a Southern deserter, and was flogged by some unknown parties some time back, and, is said to be editing revenge.

Brazil.

One by one, our exiles come wearily, wandering back from Mexico, Brazil, and Europe, to our Southern land. From the first we opposed this emigration, believing that no man could be satisfied under their governments who had once fully tasted the sweets of chartered liberty.

We thought that for a few years after the war, our Southern men would have a hard time, but we hoped for, and believed in, the best in the end.

There was another consideration that was patent with us. We thought our deprivations would be mainly political, and that we still could make money and further our fortunes here, while in a foreign land, among strangers, under the restrictions of other forms of government, without friends and money, we could hope for little save drudgery, misfortune, and a hopeless struggle with starvation.

Our views have been vindicated to the letter. Not one of that thriving colony in Mexico, remain, to vindicate the wisdom and profit of exile. Canada and Europe, with all their civilized fascinations, could not hold our expatriated patriots. Toombs, Thompson, Breckenridge, Harris, Magruder, yielded to an infatuation they could not resist.

Last, from far-off Brazil, the wanderers drop in, jaded from toil and broken with adversity, to try fortune again in the dear old land for which they so heroically but fruitlessly fought.

The truth is, that mutilated as our institutions are, and perverted as is constitutional government, the glorious privileges of a free fight with life, of free speech, free press, unlimbered ambition, and the unhampered access to all things and all places, that we enjoy unstintedly in this country, and that no other government allows, make an irresistible attraction.

In connection with the subject, we copy interesting extracts showing why Brazil failed to hold our exiles:

The land, in all cases is as wild and primitive as at the dawn of creation, and in place of striking the soil first with the stove, the intrepid pioneer from America found he had to dig through a layer of rattlesnakes before reaching mother earth. He found great, unwieldy trees, with their tangled, rotting branches locked overhead and their trunks hung in a vail of slimy parasites. The ground covered with the rudest and coarsest tropical vegetation, horrid, stagnant pools on the verge of every wood, and damp, fetid gloom pervading all the forest aisles, even in the blazing light of noonday. To a million acres of such land as this, relieved here and there by a stretch of barren prairie, the emigrants came to found those cheerful homes each woman's fancy was apt to picture, and women enough were with the party to lend it, so to speak, the charm of romance. They started for their new location with slight misgivings, as they viewed the dreadful scenery around them, that the dreams of an Arcadia might after all be delusive. Not a human being for hundreds of miles, not a familiar sound from prairie land or forest, not a solitary cottage to be seen, while deeper and deeper they pierced into this unknown and trackless land, with its awful forests and its oppressive prairies, its strange zoology and ornithology, in everything dismally odd and novel.

On a tributary of the Uruguay, a score of Southern colonists were at work. They had contrived to erect some few cabins of unpainted logs, and cleared three or four acres around them. In the sunlight the work was very severe. The cutting down of the enormous trees, involved a great deal of labor, and the clearing of the ground generally was immensely fatiguing. In the meantime the poor colonists who had lived in affluence at home, had barely a few necessaries of life to sustain them, and, as for domestic comforts, they were many thousand miles away. The centipedes, scorpions, musquitoes and countless other insects and crawling creatures of nastiness, invaded the miserable cabins at night, and made life a burden to their unhappy occupants. In the twilight the gloomy forests cast dreadful looking shadows over the little village, and when the tropical storms arose it seemed as if heaven an earth conspired to drive away or destroy these poor American adventurers. Flesh and blood could stand it no longer, and gathering all they could from the wreck of their fortunes, the colonists, who survived the epidemics and chills and fever, made their way to Rio Janeiro, and of such are those who came up to the city last evening, on the Guerriere.

The whole scheme of emigration was poorly managed. The lands assigned those who went from here to settle, were a wild wilderness never before traversed by the foot of man. They had no implements with which to clear this land, no shelter for themselves and families, nothing to eat except the spontaneous growth of the country and no implements with which to cultivate such land as they might clear, no seeds to plant, and in case they did produce anything, no means of transportation by which to market their productions, and above all this, among the poor devils who left New York, no money with which to procure the necessaries of life.

A few who had trades went out anticipating plenty of employment at eight and ten milreis (four and five dollars, American gold) per day, but they found it impossible to get employment at any price, and when by chance they happened to procure some they were driven away by the native Brazilians and Portuguese. Altogether Brazil, in the words of Artemus, is "an unpleasin' frand." The climate is unhealthy for foreigners, especially if they expose themselves to the sun. It is generally very hot, except in rainy weather, when it is damp and disagreeable, causing a great deal of fever and ague. Very little attention is paid to a sick person, and if he be a poor man, none at all, the natives, in their ignorance, believing that if it is intended for him to recover he will recover, if not, why not.

COTTON SEIZED.—Sixty-one bales of cotton shipped from Columbus for New York *via* Savannah, was seized at the Central Railroad depot, on Tuesday last, for alleged violation of the internal revenue laws. The supposed cause of the seizure is that the cotton is a part of the crop of 1867. [*Augusta Constitutionalist.*

GOOD YIELD OF WHEAT.—James H. Peck made 77½ bushels of wheat from 9½ bushels sown, off of the poor uplands of Lumpkin county.—*Dahlonega Signal.*

Rain needed. Upland corn suffering, and without mid-soon will fall half short. Breadstuffs advanced. Meal $1.50. Farmers holding back flour.—*Ibid.*

The Muscogee Superior Court met Monday, the new Judge, James Johnson, presiding. He displayed decision and promptness.—*Columbus Enquirer.*

DOUBLERS.—Our heavy writer had the good fortune to be presented on yesterday, by his lady, with a pair of fine twins, boy and girl, being the second offense of the kind in the last few years. We regret to learn that he had the misfortune to lose the boy. Our experience is that one at a time is better. Everybody to their liking.—*Columbus Sun.*

A moccasin, five feet long, was discovered in the lumber yard of Braydon & Segur, in Savannah.—*Savannah News.*

LEAVING FOR RIO JANEIRO.—Messrs. Mullen & Wadley, yesterday, cleared the brig Stadt Basel (N. Ger.) 205 tons, Captain Wadtke, for the above port, with 3,458 pieces of pitch pine lumber, measuring 151,966 feet, valued at $3,000.—*Savannah Republican.*

PERSONAL.—We were honored with a visit on Saturday last, from Col. I. W. Avery, editor of the Atlanta CONSTITUTION, who was on a short visit to his parents and friends in Sandersville. We are truly gratified to see the Colonel in such excellent health, and to learn of the prosperity of THE CONSTITUTION. With one so gifted in charge of the editorial department, it can but succeed. Those of our friends who desire a real live daily, published at the Capital of the State, would be pleased with THE CONSTITUTION. We hope the editor had a pleasant time in Sandersville, (brief as it was) and regret that business called him home so soon.—*Sandersville Georgian.*

ATLANTA AND TENNILLE.—We fear the project is not so seriously contemplated by the Central Railroad as rumor led us to suppose. This we do know, however, no road in the State possesses a more energetic President than Wm. M. Wadley, or one more watchful of the interests of his charge. If this new route is likely to be a success, the Central Road will prove no laggard in the matter. Viewing it from our stand-point, we are fully persuaded that such a road will be built, but how soon we are unable to say. In the meantime the people along the contemplated route should look to their interest, and be prepared to offer great inducement to the builders. The world is too well aware of the great benefits derived from railroads, to need being told. More anon.—*Ibid.*

Rain in Putnam county. Crops improved.—*Eatonton Press.*

The Eatonton Press is strongly in favor of the Atlanta and Tennille road.

Glorious rain. Crops have a new lease of life.—*American Courier.*

Corn in Mitchell, Baker, Calhoun, Early, Terrell, Lee, Worth and Dougherty is made, and the crop is the best for many years. Cotton fills desire, and the greediest are satisfied. Many assert that an ordinary crop is so far matured that nothing but lightning can destroy it.—*Albany News.*

The Albany News comes to us enlarged, and in a new and elegant garb. Success to you Brother Styles. Here's our hand!

Slight rain.—*Rome Commercial.*

Crops damaged by drouth around Sparta. Half crop of corn probable—good yield of cotton.—*Augusta Constitutionalist.*

The Constitutionalist gives rumors of the the killing of J. D. Cresswell, formerly of Augusta, for shooting a respectable young lady in Edgefield. The brothers of the young lady were the slayers.

A Catholic Church has been dedicated at Sparta, Ga. Father Ryan preached the dedicatory sermon. Rev. James O'Hara opened the services.—*Augusta Constitutionalist.*

The Brunswick and Albany Railroad has the prospect of immediate construction. [*Albany News.*

GENEROUS RETICENCE.—The Atlanta Press is exhibiting a moral heroism that should commend it to the favor and patronage of all the honest people of Georgia. It holds its breath in mute anxiety for the nod of the "coming man," and approves by silence, the scheme of the Almoner for the distribution of the subsidies. True, THE CONSTITUTION says some significant things of Blodgett, but advises us all to keep mum, and says: "We have other matters to tell, but hardly think it seasonable to tell them now."

Be generous and just, brother Styles—just as you know how to be. THE CONSTITUTION'S Democracy is *sans peur et sans reproach*. Our aim is the good of our State, and if we withhold matter that now is not the proper time to be made public, know that we do so with no favor to the enemies of Georgia, but because, in our judgment, it is best for our State. The State is not yet out of the woods. The true press must help our redemption from imminent possibilities that may wreck us. Let not those of the true faith, even though their methods differ, lower because they do differ, nor spatter discredit on each other by unkindly inuendo, but let us "with a long pull, a strong pull, and a pull altogether," work, each in his own best way, for the consummation we all so dearly wish—Georgia's disenthrallment.

Leave it to our common foe, friend Carey, to strike us. You and we are in the same boat, and we must not thwart each other's efforts.

☞ The following is said to be the song of the Boston constables:

"Take back the virgin beer to mother,
Where and unbroken still,
No hand of constab here
Shall this brown liquid spill;
We love the lager land,
We love the German vine,
So, constables, bear a hand
And give the poor a vote."

NEW HAMPSHIRE LETTER.

The Dartmouth College Commencement—Re-union—Distinguished Alumnæ—Interesting Exercises.

DARTMOUTH COLLEGE, }
NEW HAMPSHIRE, July 22, 1869. }

Editor Constitution: The interest you have manifested on the subject of educational institutions, emboldens me to give you a few pen-jottings, from this remote section.

After a lapse of twenty years, I have returned to pay homage to my venerable *Alma Mater*, to re-awaken the cherished memories of scholastic days, and to exchange, in social re-union with classmates present, the varied life experience of each. The occasion has been one of thrilling interest, not only to myself, but to the thousands of Alumni who are assembled to celebrate the *centennial* anniversary of Dartmouth College. There are but three other colleges in this country that have passed their hundredth year—Harvard, Yale and Brown.

Yesterday, the centennial exercises proper were held. A mammoth tent, stretched upon the beautiful college common, and decorated with the flags of many nations, afforded comfortable shelter for the assembled thousands. I cannot follow the programme, which was arranged on a scale befitting the great occasion. The address of welcome, by President Smith, was a most felicitous production, delivered with that senatorial dignity, and evincing that greatness of soul, which peculiarly distinguish this eminent man.

The historical oration was pronounced by Rev. Sam. G. Brown, LL. D., Vice President of Hamilton College, New York. His field was not wanting in material for oratorical inspiration. He gave a detailed, and exceedingly interesting, sketch of the career of the college, from its foundation, by President Wheelock, one hundred years ago tracing its growth, expansion and extended usefulness, down through each succeeding decade to the present.

The college has a proud record: Webster, Woodbury, Choate, Kendall, Mason, Parker, Chase, Fessenden, are all her sons. Hundreds of others, who are eminent in the pulpit, the bar, the forum and the professor's chair, turn to Dartmouth as the source of whatever success has attended them in the battle of life. More than five thousand have graduated here. Representives from nearly every class, from that of 1804, to the present year, were in attendance. The special meeting, held by the Alumni, was the scene of much enthusiastic congratulation at the prosperity and brilliant prospects of their Alma Mater. The course of instruction has been greatly enlarged. There is now a school of medicine, of practical science, and of agriculture. The course of instruction here has ever been noted for its thoroughness, and probably, no school in the country has furnished so many professors and teachers as this. Harvard is a pretty, polished, attractive village, on the banks of the upper Connecticut.

Thermometer ranges from 55 to 75.

Yours truly.

P. S.—Chief Justice Chase presided at the commencement.

☞ We learn from a statistical article in the Lowell News, that in 1858, the capital stock of manufacturing corporations in that city was $13,900,000; number of spindles, 399,064; hands employed, 13,300; week's work, cotton cloth, 2,394,000 yards; woolen cloth, 44,000 yards; carpets, 25,000 yards. In 1869 the capital stock of the corporations was $13,650,000; number of spindles, 457,512; hands employed, 13,717; week's work, cotton cloth, 2,228,000 yards; woolen cloth, 19,500 yards; carpets, 35,000 yards; shawls, 2,500; hosiery, 6,000 dozen.

☞ The sale of an historic spot in Virginia, is announced. The old "Temple Farm," near Yorktown, upon which Lord Cornwallis surrendered his forces and signed the articles of capitulation, has just been sold by public auction. It contains from four to five hundred acres, and is said to be one of the best cultivated farms in that portion of the State. It brought $8,005.

☞ The "Boston Directory" for 1869 is a volume of 1,272 pages. The whole number of names is 88,488; an increase of 5,137 over last year. There are 864 Smiths, 69 of whom are "John T. of Browns there are 716; Whites, 355; Greens, 173.

☞ Fashionable invitations to dinner in Paris, contain the bill of fare.

ATLANTA TESTIMONY

From N. P. Hotchkis, Esq.,

Auditor of the W. and A. R. R.

Dr. J. M. Foster, Empire Block:

Observing that your patients report to you by letter their improvement, I wish to state that you have very much benefitted my wife, who had been quite deaf for twenty years. She has been under your treatment but a few days, and can now hear the piano and guitar in an adjacent room, and the rain upon the roof—something she could not do for a long time past.

N. P. HOTCHKIS.

Atlanta, Ga., July 22d, 1869.

From Col. Jas. M. Ball.

ATLANTA, GA., July 14, 1869.

Dr. J. M. Foster, Empire Block:

DEAR SIR: Having been relieved by you of a partial deafness of some years' standing, I take pleasure in having you refer me. I had suffered considerable annoyance from my deafness, besides having noises in the ear, which were particularly disagreeable. A few days ago I was operated upon by you with flattering success. You did not cause me the least pain whatsoever, and *I can now hear as perfectly as ever.*

Tendering you my thanks and gratitude, I am yours truly, JAMES M. BALL.

THE DAILY CONSTITUTION

Official Journal of the City.

BY W. A. HEMPHILL & CO.

I. W. AVERY, Editor.

MORNING EDITION.

THE CONSTITUTION

HAS THE

LARGEST CITY, COUNTY AND STATE CIRCULATION

Of any paper published at this point.

A STANDING CHALLENGE

TO TEST THE MATTER OF

CIRCULATION IS UNACCEPTED.

ATLANTA, GEORGIA:::::::::JULY 29.

OUR JOB WORK.—THE CONSTITUTION Job Office, with its new and varied material, its new presses, new type and many kinds of paper and colored inks, is prepared to do work as cheap, as good, as stylish, and as quick as any other office in the South.

We are willing to compare specimens with anybody.

☞ Reading matter on every page.

☞ Gen. Young called on us yesterday.

AIR-LINE RAILROAD.—A gentlemen just in from the Air-Line Road, tells us that work is progressing rapidly.

☞ The Democratic State Convention of Iowa, omit any mention of the Fifteenth Amendment.

☞ All of the Democratic Journals in Mississippi, are said to have endorsed Dent as the Conservative candidate, while the Radical oppose him.

☞ Emerson Etheridge is a candidate for the Tennessee State Senate, with an eye on the U. S. Senate. For the latter place, there will be many competitors. Our voice is for Andy.

☞ Our Savannah subscribers, say they do not get THE CONSTITUTION regularly. Will not our Savannah exchanges call attention to the matter, that the Post-office officials may look into it. The papers start regularly from our office.

SUEZ CANAL.—Read the extract, in another column, about the Suez Canal. This is another of those mammoth enterprises of this century, that stand out as the towering monuments of progressive civilization. It will revolutionize commerce, and make an era in the history of trade.

CLAIM AGENTS' FEES.—Judge Ballard, in the United States Court at Louisville, has decided that the penalties imposed by the pension laws of 1862, for a Claim Agent exacting more fee than is specified in said law, are repealed by act of 1864. The effect is to relieve restrictions as to fees for collecting pensions.

GENERAL LEE'S BOOK.—The University Publishing Company, of New York, are about to issue the "Memoirs of the War," by General Henry Lee, revised by Gen. Robert E. Lee, who adds a life of his father. It will be handsomely illustrated. Gen. Lee is interested in the book, a fact that must enhance its sale. To be sold by agents.

The New Russian Ambassador.

Mr. Catacazy, the new Russian Minister to Washington, is of Greek orign. His father was a very famous diplomatist. He entered diplomatic life in 1848, as second Secretary of Legation at Washington. When Mr. Bodisco, his chief died, he became Charge d' Affairs at 24 years of age, and served brilliantly. Mr. Webster admired him, and predicted his shining success. He was a deep political student, and had a flashing trick of repartee. In 1854 he was transmitted elsewhere. His political writings rendered him noted. He became a friend of Prince Gortschakoff, to whom he largely owes his preferment. He has been in the diplomatist corps at Vienna, Lisbon, and Dresden, and now will represent the great Russian Government at Washington. He has warm sympathies for our country, and is an ardent admirer of republican institutions.

OUR SEA PORTS.—The Chicago Republican claims that Brunswick, Beaufort, St. Mary's and Darien, will one day exceed Charleston and Savannah in commercial importance. Refering to Chicago and San Francisco, that were barren spots but a short while ago, it says, that the four points mentioned possess attractions and capacities that will force them into growth, when the population of the United States increases to 100,000,000, as it will in the year 1,900. It thus concludes:

The places we have mentioned can bide their time. It will surely come, just as it came to Atlanta. Until the Georgia and the Western and Atlantic Railroads were built, that flourishing city was a miserable post village, without an apparent future—a dot of sluggish life planted in the midst of one of the most unproductive regions of the State. In like manner the march of events and wants will overtake Beaufort, Brunswick, St. Mary's and Darien, and vast marts greet ship-thronged harbors.

Purity of the Press.

Our publication of Rev. Mr. Haygood's admirable letter to the Christian Advocate, on the abuses of the press, with our commendation, has stirred the bile of our neighbor, the *Intelligencer*, into a column explosion.

If the cap fits that journal, we are certainly not responsible. It has assumed it, and we commend this paragraph, from said letter, to its consideration:

"Such persons as may find themselves embraced in the indictment have no just ground for complaint. If they believe what they say, they should thank me for extending a knowledge of their sentiments; if they do not believe it, and only publish what is paid for, without regard to the truth, they should not blame me, since they themselves have already advertised their insincerity to the extent of their circulation."

For ourself, we are, according to our contemporary's testimony, given some time back, a "fledgeling" (of some 32 gentle summers;) and lacking those toasted "*years*" of our neighbor, we are supposed to be liable to journalistic errors, from which his three-quarters of a century of experience exempt his old wisdom.

We hasten thereby to say, frankly, that if we have failed to come up to the high standard laid down in Mr. Haygood's letter, we endorse the letter, none the less, and despite our youthful features, we shall try for the right still.

Press Excursion.

We acknowledge the receipt of an invitation from Col. Hulbert, to the Press of Georgia, to make an excursion to Chattanooga, then to the Tennessee Iron Works, then to Rome, to the Iron works on the Coosa river, to the Iron works on the Selma and Dalton railroad, and back, the whole trip to take about twelve days. The objects and time of the trip are thus stated.

Our immediate section abounds in Resources, whose value, developed by the well directed and energetic application of labor and capital, it is impossible to estimate.

Imbedded in our mountains, almost every where, are deposits of the richest Iron and other Ores, whose development will give profitable employment to thousands of people, and to millions of capital.

These resources of our State, skillfully developed, will, in a few years, cause the IRON CREST OF GEORGIA to exceed in value her present Cotton Crop. An examination of them is all that is needed to demonstrate the proposition and convince the most skeptical.

Desiring to afford the members of the Press of Georgia an opportunity of visiting localities endowed with such a wealth of natural resources that they may see for themselves, and make known to the country at large, the very extraordinary inducements offered to capital and labor in the production of Iron, I have the honor of tendering them a Free Excursion Train, to leave Atlanta, on Wednesday morning, August 25th.

The trip may be made the means of much benefit to Georgia, from the light thrown on our mineral resources by the intelligent inspection and criticism of our newspaper men, and the general dissemination of the wealth of facts that can be gleaned by such an examination.

THE CONSTITUTION hopes to be represented in the excursion.

PIG-TAIL.—The Radicals have hunted up the following section of an act passed February 19, 1862, before negro emancipation, forbidding the Cooly trade, as an impediment to bringing Chinese labor into the country:

"That no citizen or citizens of the United States, or foreigner coming into or residing within the same, shall, for himself or for any other person whatsoever, either as master, factor, owner, or otherwise, build, equip, load, or otherwise prepare, any ship or vessel, or any steamship or steam vessel, registered, enrolled, or licensed, in the United States, or any port within the same, *for the purpose of procuring from China*, or from any port or place therein, or from any other port or place the inhabitants or subjects of China, *known as "coolies,"* to be transported *to any foreign country*, port, or place whatever, to be *disposed of*, or *sold*, or *transferred*, for any term of years, or for any time whatever, as *servants* or *apprentices*, or to be held to service or labor."

Of course it does not apply. The immigration of Pig-tail, as an independent laborer, is like that of any other nationality.

The Promenade of the Memorial Association.

We had the pleasure of attending the delightful promenade of the Memorial Association on Tuesday night, at the City Hall. It was a most brilliant success. A large and select attendance of ladies and gentlemen honored the occasion.

The objects of these entertainments must commend itself to every true Southerner.

The holy duties that our patriotic ladies have so zealously undertaken, of preserving the sacred remains of our gallant soldiers, is one prompted by a noble impulse, worthy of our women, and that all should assist.

The Promenade last night was an experiment, and the first of a series that are to continue every month or two. The idea is to avoid heavy pecuniary pressure upon any one, but to charge a reasonable admittance fee, from which the money is mostly to be made, and have some light refreshments like lemonade and cream, that will be sold at the lowest regular prices, and which there will be no pressure upon any one to purchase.

The monthly gathering of our best people will form a charming periodical reunion, where the most pleasant social intercourse can prevail. The admittance fee at fifty cents each, will be a mere trifle to each individual, while the aggregate will make a handsome contribution, well paid for in social enjoyment, to the good cause.

The receipts were nearly one hundred dollars from the first evening. A fine band discoursed sweet music for the promenaders. In a few weeks the entertainment will be repeated, notice of which will be given.

We wish our noble women God speed in their laudable enterprise; we urge our citizens to co-operate with them, and we give assurance that THE CONSTITUTION will do its part in this imperative tribute to our once living, and now mouldering comrades, remembered by us with the tenderest memories.

THE SUEZ CANAL.

Account of the Enterprise—Letter from M. Lesseps.

PARIS, July 17, 1869.

M. Lesseps officially announces that the ceremonies of the opening of the Suez Canal will take place on the 16th of next November.

ACCOUNT OF THE ENTERPRISE—LETTER FROM M. LESSEPS.

The work of building the Suez Canal was undertaken and carried through by Ferdinand De Lesseps, the distinguished French engineer, and cousin of the Empress Eugenie. The work was partially begun in 1854, but not till 1859 did it fairly commence. The mere cutting of a canal or ditch through the level isthmus was a small job compared with the obstacles which had to be overcome. After the right of way had been ceded by the Turkish and Egyptian Governments for cutting a canal, the British Government, the representatives of Russia, Prussia, Austria and the powerful influence of their gigantic monopoly, the Peninsular and Oriental Steamship Company, was brought to bear in rejecting the commission withdrawn. The canal is finally a triumph over all obstacles; the work is finished, and cost 200,000,000, gold; the stock is held in all the countries of Europe.

The following is a translation of M. De Lesseps' letter:

The opening has been fixed for the 17th of November next. Strength of canal, 162 kilometres, 98 1-10 miles; whole distance 8 metres 26 feet depth of water; width on the line of water, 100 metres 325 feet, with the exception of three passages where this will be found to be 60 metres 195 feet. Tolls for ships going through the canal have been fixed by the act of Concession, article 17 of the act determining these tolls. The following is the section from the concession made by said Pacha, Viceroy of Egypt, to the company, granting the right of way, etc. The concluding of one of these sections is to this effect:

First: Toll on all ships same) scale of charges, without any exemption or special privilege.

Second: Tariff of charges [illegible] shall be published three months before the canal is fully opened, in capitals and principal commercial ports of the countries interested in the navigation of this canal.

Third: That the special tolls for navigating the canal shall not exceed the maximum figure of 10 francs ($1 87) per tun, cargo carried on ships, and per head for passengers. An International Commission is now engaged at the present time in determining an official scale for ships of all flags. In the meantime, until this is established the tolls of 10 francs ($1 87) per ton capacity will be laid upon the entire cargo, as shown by the ship's papers.

Steamships will go through propelled by their own power, and will be obliged to have regular pilots. The passage through will occupy 15 to 20 hours. The company will have suitable towage for sailing vessels to pass through the whole canal. The pilotage, towage, and harbor dues have not been determined, but will be upon the most liberal basis.

The arrangements for the opening of the canal on the 17th of November are fully developed. The Viceroy of Egypt proposes to entertain his guests with unprecedented magnificence. On the bank of the canal are being erected lodges, constructed, fitted and decorated so as to be representative of the characteristics of the several countries to which the guests belong. Public amusements, theaters, circuses, balls and *fetes* are to be provided for the recreation of the assemblage, which promises to be as brilliant as varied in its character. It was expected that the Emperor of the French would be able to attend in person, but as it is reported that neither himself nor his Empress will, for State reasons, be able to attend, it is probable that Prince Napoleon will be his proxy.

The heir presumptive of the Italian crown will represent King Victor Emanuel; the King of Prussia will send a number of the royal family; and the Prince of Wales, probably accompanied by Prince Arthur, will represent Queen Victoria. The King of Greece will also attend. The French Emperor is having manufactured, at Lyons, a tent woven of silk and worated, which will cost $30,000, to be erected, for the Emperor or his representatives. This tent will be taken to Paris, after the ceremonies, and sold at public auction, the proceeds to be distributed among the poor.

It is stated that a steamer has been chartered to leave this city about the 1st of September for Port Said, touching at Marseilles, Leghorn and other Mediterranean ports, so as to allow visitors to be present at the opening ceremonies.

Communicated.

Strictures on the Intelligencer.

Mr. Editor: Allow me, with the utmost brevity, to notice the strictures made by the *Intelligencer* in its issue to-day, upon an article written by myself, for the Southern Christian Advocate, on the corruption and venality of the Press, that you saw proper to republish and endorse in THE CONSTITUTION last Sunday morning.

1. The *Intelligencer* says: "In the view taken of these acknowledgments by Mr. Haygood, we stand not alone guilty. THE CONSTITUTION must plead guilty also, and so must every paper published in Georgia."

"Is this true? Does "every paper published in Georgia," "plead guilty" to *such* commendations of grog-shops? like those alluded to in my letter? or like that other medley of "iced-champagne" and "religion" that was offered for our "Sunday reading" on last Sabbath, by the *Intelligencer*? If so, then "every paper published in the State of Georgia" lends its influence to make the whisky traffic respectable, and the Georgia Press is the organ of intemperance. If, as the *Intelligencer* asserts, "every paper published in Georgia," is alike guilty, then when the portentous magnitude of this evil is considered, my humble protest was indeed "deficient in fidelity of analysis and in energy of expression."

2. The *Intelligencer* says of the Lottery: "It is not a Masonic institution, for that has been disavowed by the management time and again." That the Lottery "is not a Masonic institution" I have long understood. I am now glad to learn that the Lottery has ceased to claim the endorsement of Masonry—since Masonry had already repudiated the Lottery. The repudiation was right; the disavowal is honest.

3. The *Intelligencer* has much to say about the honorable ladies whose names have been connected with this Lottery. In my respect for these ladies, I claim that I am not surpassed by the editor of the *Intelligencer*. As to the noble widows and tender orphans of gallant Confederate officers [and privates], who fell in the late bloody struggle, it is not necessary for me to say that they have hitherto had my profoundest sympathy and respect, or that I am not *now in any sort of sympathy or affiliation with those who do the memory of these gallant dead dishonor.*

4. As to the education of these orphans, I believe it to be a duty so binding and sacred, that I joyfully do my utmost to accomplish it without first "taking my chances" to make out of the Lottery ten times the amount likely to be expended during a twelve months upon an orphan's school.

5. I expressed my gratification that there was "at least one paper in Atlanta that could not be bought over to the advocacy of this immoral device," etc. The *Intelligencer* indignantly protests that it was not so bought over. Its endorsement of the Lottery then was simply spontaneous. Having previously *known* that one paper could not be bought. I am now delighted to hear that there is also another.

6. I desire to thank the *Intelligencer* for the mild thrust it makes at "raffles" connected with "church fairs," etc. I heartily agree with my friend as to their immorality, classing such "raffles," lotteries, *et id omne* together.

7. As to its suggestion upon certain letters published in the CONSTITUTION of yesterday, I beg to refer him to my letter to the Advocate.

8. The editor says: "Mr. Haygood occupies one stand-point, we another." This is *true*, and it accounts for a great many things.

9. As to my *method*, let me say, that to *children* and *penitents*, and to the erring, willing to be warned, I always use "*soft* and *mild* words," but as to those who glory in their shame," who persist in their wrong, and drag others with them, I know nothing better than a gospel of repentance.

Most respectfully,

ATTICUS G. HAYGOOD.

THE AIR-LINE ROAD.

Its Progress in South Carolina.

Arriving in Columbia, we found Colonel Buford at Nickerson's—a tall, spare made man, with a keen eye and a Roman nose. He is President of the Danville and Richmond Railroad, and also of the Air-Line Railroad. He stated that his object was to build the Air-Line as soon as the necessary amount of capital could be raised. That he had already secured funds to build the road to the South Carolina line from Atlanta, which was not only located, but was now being built by responsible contractors. The survey on the balance of the route would be made and the road located between this time and the 15th November next. That it was his intention to make it an Air-Line, as nearly as possible, and could not as yet tell whether it would pass through our town or not. He thought that if Pickens, Greenville, Spartanburg and York, would make up a subscription of about $600,000, they would be able to control the location of the road, as well as insure its speedy construction and complete outfit. He assured us that he would visit Spartanburg, at some period prior to the 10th of October next, to examine for himself the advantages of the location, and to confer with our citizens as to the extent of their co-operation. He then left for Atlanta, where the recent surveys made by Major Sage, await his examination.—*Carolina Spartan.*

ASSOCIATED PRESS DISPATCHES.

District of Columbia.

WASHINGTON, July 28.—Cuban here have official advices to the 20th. Quesada destroyed two important bridges on Neuvitas and Puerto Principe Railroads, and holds the country between the two cities, which are closely invested. The garrisons are suffering from diseases and blockade supplies. Several sorties from Neuvitas were driven back with serious loss. Quesada has a number of prisoners, which he holds as hostages, to insure proper treatment to Cuban prisoners. The Cubans hold several positions on the coast, giving them direct communication with the United States. The fight at Zempoalito resulted in the loss of one hundred and fifty Spaniards killed, wounded and prisoners. The fight at Sagua le Grand, lasted several hours; the Spaniards finally drew off with a loss of three hundred. The Cuban leaders have no doubt of ability to maintain themselves against the force now in the field. A vessel with a large amount of arms, ammunition, and a battery, and three hundred and sixty men, landed near Neuvitas. The expedition safely reached Quesada.

Revenue to-day nearly one million.

It is stated that Morton will introduce a universal amnesty bill immediately upon the ratification of the 15th amendment.

[OFFICIAL.]

EXECUTIVE DEPARTMENT,
Atlanta, Georgia, July 23, 1869.

To all whom it may Concern, Greeting:

Whereas, it is a well known fact in the history of the late Rebellion, that the civil authorities of this State exacted from the several Banks doing business therein, loans of large amounts of their capital stock and assets, which have never been repaid, and that the said Banks have hereby been reduced to insolvency; and

Whereas, Robert F. Curry, as President and a Director of the Northwestern Bank of Georgia, Walker P. Inman, as Cashier and a Director of the same Bank, and William H. Inman, as a Director in the same Bank, were indicted at the March adjourned Term of the Superior Court in and for Catoosa county, for a misdemeanor in the insolvency of said Bank, on the first day of April, A. D., 1865; and also for a failure to redeem the notes of the said Bank on the 12th day of April, A. D. 1867, which, it is alleged, were on that day presented for payment to the amount of Fifty Thousand dollars, and also for a failure to redeem the notes of the said Bank, on the twenty-second day of October, A. D. 1867, which, it is alleged, were on that day presented for payment to the amount of Fifty Thousand Dollars; and

Whereas, satisfactory proof has been made to me that the affairs of the said Bank have been rarely and legally administered, and generally with the same care and diligence that agents, receiving a commission for their services, are required and bound by law to observe, and that the insolvency of the said Bank and its inability to redeem its notes have been brought about by no agency of the said Robert F. Curry, Walker P. Inman, and William H. Inman, but are the necessary results of the action of the civil powers of this State during the late Rebellion, and the destruction and loss of property occasioned by the late civil war; and

Whereas, the expenses, inconvenience and trouble of a defense will work great hardship and damage to the said parties:

Now, therefore, in consideration of the facts and circumstances aforesaid, and to the end that impartial justice may be done, I, Rufus B. Bullock, Governor and Commander-in-Chief of the army and navy of this State, and of the militia thereof, by virtue of the power and authority in me vested by the Constitution and laws of this State, do hereby pardon the said Robert F. Curry, Walker P. Inman, and William H. Inman, of the said misdemeanor and misdemeanors, wherewith they and each of them now stand and stands charged and indicted, in said county of Catoosa, as hereinbefore recited, and all misdemeanors, consisting in this insolvency of the said "The Northwestern Bank of Georgia" or in failures or refusals to redeem the Notes of the said Bank in specie or in current bank bills passing at par, and committed or alleged to have been committed by the said Robert F. Curry, Walker P. Inman, William H. Inman, or any of them, since the nineteenth day of January, A. D. 1861.

Given under my hand and the Seal of the Executive Department, at the Capitol, in Atlanta, on the day and year first above written.

THE DAILY CONSTITUTION.

ATLANTA, GEORGIA:::::::JULY 29.

Supreme Court.

Reported Expressly for The Constitution.

WEDNESDAY MORNING, July 28, 1869.

The morning session was consumed in the argument of No. 9, Flint Circuit, Dobbins vs. Dupree, from Spalding. Pending the argument of Col. Peeples for Dupree, Court adjourned till 3 o'clock, P. M.

WEDNESDAY EVENING, July 28, 1869.

Argument was concluded in No. 9, Flint Circuit. Leave was asked to re-argue the motion to dismiss No. 8, dismissed yesterday. The Court stated that the leave could be granted only upon terms stated.

The Court fixed Saturday week to hear motions to dismiss two cases from the Flint Circuit, because they should have been sent to this term. The Northern Circuit was taken up. Argument was begun in the cause of Lucien N. B. Battle, plaintiff in error, vs. James A. Shivers, defendant in error. Rule against Sheriff Grant Warren. It is a continued case from Flint Circuit. Toombs & DuBose, for plaintiff in error. E. H. Potter, L. Stephens, and Judge Wm. Reese, for defendant in error. Argument was opened by Gen. Toombs. Pending reply of Col. Peeples, Court adjourned till 10 o'clock, A. M., to-morrow.

THE DENTAL CONVENTION.—This body re-assembled at 3 P. M., yesterday evening, and adopted a Constitution and Code of Ethics.

The name of the Association is to be the Southern Dental Association, and has for its objects the promotion of professional and friendly intercourse, the development of dental literature and to encourage a high standard of dental education.

To entitle a person to become an active member, he must have received either a degree in Dentistry or Medicine, and have been engaged in the practice, or profession for ten years prior to the meeting, and a vote of three-fourths of the members present.

Distinguished members of the Dental or Medical Profession, or any person who may contribute to the advancement of the Science of Dentistry may become honorary members, of whom no fees or assessments will be required.

The annual fee is fixed at $5.

The annual meeting will be held on the second Wednesday in April, at such place as may be agreed on in the afternoon session of the second day of the meeting.

The officers consist of a President, a Vice President, a Corresponding Secretary, a Recording Secretary, a Treasurer, and an Executive Committee, who shall be elected by ballot, without nomination. A majority of the votes cast is necessary to an election. The officers hold for one year, unless otherwise provided.

The President appoints the following committes, viz:

Membership, Physiology and Surgery, Histology and Microscopy, Dental Chemistry, Dental Therapeutics, Operative Dentistry, Mechanical Dentistry, Dental Literature, and Voluntary Essays.

Thirteen members constitute a quorum.

Charges against a member for violating constitution, or code of ethics, shall be referred to a committee of three for investigation. A majority is necessary for a reprimand, two thirds for a suspension and three fourths for an expension of a member convicted of a violation of either.

The Association receives one delegate from each Dental Association and one from each corporate Dental Organization.

The Association annually elects one for every five members as delegates to the American Dental Association.

The above are the silent features of the Association.

The following persons signed the Constitution and became members:

Georgia—H. Marshall, A. C. Ford, J. D. Thomas, Albert Hape, E. B. Marshall, C. D'Alvigny, Atlanta; H. A. Lowrence, Athens; R. A. McDonald, Griffin; J. P. H. Brown, S. G. Holland, Augusta; T. J. HOMICIDE IN TELFAIR.—We learn that a few days ago, a Radical named John Brown, killed Mr. J. T. Rawlin, in Telfair county, with a fence rail, while disputing about some stock. Rawlin was highly respected.

WE would call the attention of the public to the card of Dr. Roberts, in another portion of the paper; his office is in the Empire Block.

NEW COTTON FACTORY.—We are pleased to learn that Mr. James King is meeting with fine encouragement in getting up stock for the new cotton factory. But little of the stock required remains to be taken.

HOMICIDE IN HENRY COUNTY.—We are credibly informed that on the 26th inst., a freedman named Robert Baldwin, shot and killed another freedman, named John Brown, in Henry county. Baldwin made his escape.

UNFOUNDED.—The report that Prof. W. M. James contemplated leaving Atlanta, we are pleased to learn is without foundation. He commenced the Atlanta High School four years ago, and has labored assiduously to build it up. Prof. James is identified fully with Atlanta, and its growing interests and expects to remain here as a permanent institution.

SOMETHING NEW.

A Goose Race in the Far West.

The Omaha Republican has the following account of a "goose race" that came off in that city:

"Over 2,000 people gathered on the banks above the pond, and along the lower end of Farnham street, on yesterday afternoon to witness Bob Hart and Sully in their great wash-tub-goose feat. Promptly at the advertised time, Hart made his appearance, followed by his competitor, for the golden peanut offered by Col. Hanford. Each sat in an ordinary wash-tub, to which was attached six pairs of geese, driven and guided with an ordinary carriage whip. The most deafening applause, shouts and yells, greeted the contestants as they were towed into the pond. Striking the Farnham street bank, both started side by side, talking to and urging on the feathered racers the same as a jockey would do in a trial of speed among horses. Half way across the pond Sully's team switched off and bolted for the weeds, giving Bob the lead by three and a half lengths. Recovering his course, Sully made splendid headway, gaining rapidly on the Hart outfit. One of his geese, however, attempting to dive, kicked a rear goose in the eye. The kicked bird at once cackled his defiance, and soon demoralized the entire team to such an extent, that victory was impossible. Hart would have come in "O K," only for his "wheel geese" balking, diving, and upsetting the tub. Sully began laughing at his opponent's disaster, when his team made a sudden right flank movement, which left the driver floundering in the mud. The assembled multitude yelled the louder at the accidents. Righting their crafts, both parties made for shore, leading their teams.

Bob took the prize."

MUTUAL FIRE AND LIFE

Insurance Company,

MACON, GA.

Authorized Capital::::$500,000!

Certificate of authority issued by the Comptroller General, under Act of March 19, 1869, requiring one hundred thousand dollars capital.

COL. W. J. LAWTON, President. J. C. McBURNEY, Vice Pres't.

R. J. LIGHTFOOT, Secretary.

This Company is now prepared to issue all classes of Policies. In the Life Department it offers more liberal terms than any other company in this country.

It asks particular attention to the following prominent features:

1. It is a Home Company—a Southern Company, owned and managed by as able financiers as our State can produce.

2. All its policies are non-forfeiting, and so long as one dollar of premiums or dividends remain in the hands of the Company unearned, so long is the policy kept alive.

3. Its policies are incontestible, except for fraud.

4. Its policies contain no restrictions of either travel or occupation, and world-wide in its fullest sense.

5. As low a rate of premium as a due regard to safety will permit, and will compare with any other Mutual Company.

6. Thirty days grace allowed upon payment of renewal premiums, and the policy held good for that time.

7. One-half the premium remains a permanent loan on the policy, at legal interest, which loan it is confidently expected will be extinguished by dividends.

8. It is a Mutual Company; all the profits equitably divided among its policy holders.

9. Dividends declared annually, upon the contribution plan.

10. Females insured at same rates as males.

Feeling assured that the above features must commend this Company to the favorable consideration of the public, we respectfully ask an investigation of its merits, by those contemplating insurance, satisfied that we offer greater inducements than any other Company now extant.

Able Solicitors and local Agents wanted all over the country. Address,

J. C. McBURNEY,
Vice President, Macon, Ga.

L. H. BRADFIELD'S COLUMN.

DR. J. BRADFIELD'S

FEMALE REGULATOR,

Woman's Best Friend

THIS valuable Medicine is prepared for WOMEN exclusively, and to be used by WOMEN only. It is adapted especially to those cases where the WOMAN is disordered, and will cure any irregularity in the "menses," except in such cases as require a surgical operation. As these last are very rare, the FEMALE REGULATOR is of almost universal application. In a sudden check of the "monthly courses" from COLD, trouble of mind or like cause, it acts like a charm, by RESTORING THE DISCHARGE IN EVERY INSTANCE, thus relieving the fever, headache, pain in the small of the back and "lower stomach," flushes of heat about the face, chilly sensations, burning of the eyelids and general restlessness. Taken in time, all these symptoms pass away immediately, without injury to the constitution. Frequently, however, the proper remedy is not applied in time, the disease becomes chronic, and the foundation laid for numberless evils to the constitution of the woman. The next "turn" comes around and there is no "show," or perhaps the "whites" will appear. There will be long unpleasant spells about the womb, but very little or none of the natural fluid escaping. The complexion becomes sallow, bowels, swollen, a sort of greenish caste about the face, constant dull aching pains in the head, weight in the lower stomach and back, with or without whites, palpitations of the heart, pallor, exhaustion, indigestion, weariness, languor, aching across the loins, loss of appetite, pain in left breast, tightness across the chest, cough and giddiness. If still allowed to go on, "green sickness" will be fully developed—the headache becomes severe, with loss of memory, diminishing sensibility, SICK STOMACH, dyspepsia, no relish for food, loss of flesh, increased fluttering of the heart SWELLING OF THE FEET, legs and body and occasional sinking of blood. The slightest effort causes HURRIED BREATHING, almost SUFFOCATION. The skin is flabby and a "doughy feel." This is a sad picture, but it is the condition of thousands of women between the ages of 15 and 45, who are brought to the verge of the grave by ignorance or neglect to take the proper remedy. To all who are afflicted with any of the symptoms above mentioned, in connection with an irregularity of the "monthly sickness," we earnestly say TAKE DR. J. BRADFIELD'S FEMALE REGULATOR.

A few ounces taken, you will at once experience its benefits, and with a little patience you will be fully restored to health.

This remedy has been extensively used for upwards of twenty years by many of the most experienced and successful Physicians of Georgia.

We repeat, that Dr. J. BRADFIELD'S FEMALE REGULATOR is prepared for WOMEN and to be used by Women only.

A trial is all we ask.

Prepared and sold in any quantity, by

L. H. BRADFIELD,

Price, $1.50 per Bottle.

☞ Sold by Druggists generally.

ATLANTA, Ga., December 20th, 1868.

DR. J. BRADFIELD—Dear sir: I take pleasure in stating that some time previous to the late war, I used, with the utmost success, on a servant girl, your FEMALE REGULATOR, prepared then at Bradfield's Drug Store, West Point, Ga. she had been suffering severely from suppressed menstruation, and this Medicine soon restored her to health. She is, to-day, living in Atlanta, sound and well.

I will state, further, that I know of its being used, with equal success, on a servant girl of my brother-in law, Professor Rutherford, of Athens, Ga. This woman had, I think, been diseased for six years. She was a house servant, and seemed cured, up to the time of "freedom." I do not hesitate to indorse your preparation for the purpose for which you recommend it.

Yours truly, JNO. C. WHITNER.

STATE OF GEORGIA, TROUP COUNTY.

This is to certify that I have examined the recipe of Dr. Joseph Bradfield, of this county, and, as a medical man, pronounce it to be a combination of Medicines of great merit in the treatment of all the diseases of females for which he recommends it. WM. F. BEASLEY, M. D.

This December 21st, 1868.

MOUNTVILLE, 1868.

DR. J. BRADFIELD—Dear Sir: I have much pleasure in saying I have witnessed the most decided and happy effects of your Female Regulator in this neighborhood. WM. H. FINCHEN.

MOUNTVILLE, 1868.

Dr. J. BRADFIELD—Dear Sir: I have repeatedly used, in my family, your Female Regulator, and have, in every case, met with complete success. G. L. DAVIS.

☞ I also prepare, and have for sale, a YEAST POWDER, equal to the best, and for much less price.

☞ I also prepare a LIQUID BLUING, now in use by many of the best house keepers in the city, and pronounced by them to be very superior.

DR. O. S. PROPHITT'S

Family Medicines,

CONSISTING OF HIS CELEBRATED

LIVER MEDICINE,
Anodyne Pain Kill it,
ANTI-BILIOUS PILLS,
AGUE PILLS,
—AND—
Dysentery Cordial, Female Tonic,
—AND—
PURIFYING PILLS.

THE excellent Remedies of O. S. Prophitt, M. D., need no recommendation—their well known power in removing their diseases peculiar to our Southern climate having already established for them an enviable reputation in Georgia and the adjoining States. As the majority of persons living in the South are predisposed to diseases of the Liver, it is granted by all intelligent physicians that most of the pains and aches of our people are due to organic or functional derangement of that important organ. Prophitt's Liver Medicine and Anti-Bilious Pills strike directly at the root of the evil. They cure the Liver which, in nine cases out of ten, is at the bottom of the Coughs, Dyspepsia, Colic, Sick Headache, Rheumatism, Constipation, Menstrual Obstructions, etc., so common among our people, Earache, Toothache, Acute Rheumatism, Neuralgia and and bodily pains of every kind, flee before

Prophitt's Pain Kill It

like chaff before the wind.

If you have Indigestion or Dyspepsia in any form, or any other Chronic Diseases, use

Prophitt's Liver Medicine,

It is safe and reliable; pure Vegetable, and a liquid ready for use at any and all times. Price, $1 a bottle—33⅓ per cent. discount by the dozen bottles or more.

If you get Snake bit, use

PROPHITT'S PAIN KILL IT,

internal and external. If you have a fresh Wound of any sort, use the PAIN KILL IT. If you get dog bit, apply the PAIN KILL IT.

Dr. O. S. PROPHITT'S

Anti-Bilious Vegetable Pills,

Purgative and Febrifuge,

May be relied upon as a safe and efficient cathartic in all Febrile and Acute Diseases of all kinds.

DR. O. S. PROPHITT'S

VEGETABLE AGUE PILLS,

A safe and certain remedy for Ague and Fever, Chills and Fever, and all kinds of Periodical Diseases, and is safe and reliable for all to take at any time.

DR. PROPHITT'S

COMPOUND DYSENTERY CORDIAL,

A safe and genuine remedy for all kinds of Bowel Diseases, Dysenteries, Diarrhœa, Bloody Flux, &c. It may be given to all sizes, ages and sexes and at all times, with perfect safety, where there is any thing of that class indicated.

FEMALE TONIC,

—AND—

PURIFYING PILLS

The Purifying Pills and Female Tonic are associated together as a full preparation, as you see in the Bills. They have given perfect satisfaction in my practice for the last twenty years, in all cases that they are recommended for. The Pills may be taken in connection with the Fever Medicine, without the Tonic, when there is any indication for them, such as Shortness of Breath, Swelling of the Feet or Face, or a Pale, Weak state of the Blood, or a Pimply state of the Muscles, as generally follow Fever, and Chills and Fever.

All of the above Medicines sold by Druggists and Merchants generally throughout the South and West. Sold by

W. A. Lansdell, Redwine & Fox, Curtis & Lloyd, Pemberton, Willson, Taylor & Co., Atlanta, Ga.

Prepared only by DR. O. S. PROPHITT, Covington, Ga.

THE DAILY CONSTITUTION.

ATLANTA, GEORGIA:::::::JULY 28.

City and Suburban Affairs.

PERSONAL.—Eugene Le Hardy, the veteran Civil Engineer, of Rome, and J. M. Mobley, of Hamilton, are stopping at the United States Hotel. Col. E. H. Pottle, of Warrenton, is in the city attending the Supreme Court.

UNITED STATES DISTRICT COURT—*Honorable John Erskine, presiding.*—At the United States District Court, on yesterday, a certificate of discharge was granted to William Luffman, of Murray county.

The question as to distribution of fund in the matter of J. J. Morrison was, on motion of A. W. Hammond & Son, Attorneys for claimant, continued to September Term, that the facts in the case might be submitted to a jury.

In the case of Zimmerman & Verdery, against whom a petition for adjudication in bankruptcy had been filed by creditors, a demand being made for a jury trial, as provided in the Bankrupt Law, an order to that effect was granted, the case going over to the September Term of the Court.

Communicated.]

Mr. Editor: I wish to call your attention to an issue of your paper of the 26th inst., under the heading of "Blodgett's Bondsmen."

I requested you to make a correction, in my case and to state that I own real-estate in city property in Atlanta, Ga., Wild lands in Morgan and Whitfield counties, Ga., and city property in Mobile, Ala., that is assessed at $13,000. M. J. HINTON.

Mr. Hinton's Alabama property can not properly be considered in this connection—only what can be reached in Georgia.

THE DENTAL CONVENTION.—Between forty and fifty delegates to the above Convention, from different Southern States, assembled at the City Hall this morning, at nine o'clock. The delegates as a mass, are of fine personal appearance, and give evidence of culture and refinement. All seem to be actuated by one leading idea—the advancement of the profession. The Convention was organized by calling Dr. James Knapp, of New Orleans, to the Chair, as temporary President; Dr. Morgan, of Tennesse, Vice-President; Dr. F. I. S. Gorgas, of Baltimore, and Dr. J. G. Angell, of New Orleans, Secretaries.

A committee, consisting of Messrs. Morgan, of Tenn., W. C. Arrington, of Tenn., Redman, of Kentucky, Jones, of Georgia, Chandley, of New Orleans, and Gorgas, of Baltimore, were appointed to prepare a suitable Constitution and Rules of Order for the Association.

The committee retired, and the Convention was addressed by Drs. Brown and Marshall, of Georgia, and others, in interesting remarks.

The committee made a report which was under discussion at the hour of adjournment.

An invitation from the Faculty of the Atlanta Medical College, to visit that College, was unanimously accepted.

Convention adjourned until 3 o'clock.

A Good One.

During Robert Heller's late brilliant engagement at Pittsburg, his fame and the excellence of his entertainments attracted all classes of people—the musical and refined, millionaire and merchant, prince, the mechanic and artisan, in fact every class found its representative within the walls of the theatre, each night of the performance.

One evening a genuine specimen of the genus verdant, with his "gal" hanging on his arm, presented himself at the box office and demanded, "what's the tax to see the show?"

"Fifty cents," politely answered the ticket seller.

"Well, I guess I wont back down now, anyhow here's your tin." Receiving his tickets, greeny entered, dragging the young lady by the hand.

The peculiarity and the oddity of their dress soon made them the "observed of all observers."

Heller shortly after commenced his illustrations, which were wondered at with eyes and mouth wide open, by our rustic pair, he occassionally ejaculating in pretty loud tones. "Thunder!" while she would exclaim, "Mercy me, ain't it queer?"

Feat after feat was presented and received with the plaudits of the audience until the introduction of the "Ærial Bell," a glass bell, suspended by a simple cord from the centre of the ceiling, and used in answering questions. After the usual performances with it, the question was asked, "Is there anybody in the house who wishes to get married?"

Bell—"Yes."

"Pray tell in what part of the house are they?"

The bell immediately designated our rustics, who looked at one another as loving as a pair of doves, apparently in their own happiness, oblivious to all surroundings.

"Are they engaged?"

Bell—"No."

"Will they ever?"

Bell—"Yes."

"When will it take place?"

Bell—"To-night."

During these questions and answers, our rustic had been gradually opening himself like a knife, and now attained his full attitude, pulling up his shirt collar, and stirring up his crop of flax-colored hair, breathless with joyful excitement.

"Say! say! mister! just ax that thing if Nancy Jane and me is to get spliced together, and if it says yes, I'll give you the best hoss in Butler county, and call our first boy baby after you!"

Shouts, yells and laughter followed this announcement, and Nancy Jane, with blushes, pulled at the tail of his coat and begged him, in her most entreating way, "Now, do Ike, please sit down, won't you, now?"

Ike, however, too much elated with his good fortune, and unmindful of all around, stretched his body as far as possible over the balustrade of the box and in a voice audible in every corner of the house, cried out:

"Dod rot it, mister, do jest get that thing to say yes, and dog my cats if I don't call all my babies, boys and girls after you, and lick everybody that says grass to you to boot."

You can readily imagine the entertainment was short that night, and when over, the happy couple was made still happier, as a minister made them one for life, in the presence of Robert Heller.

☞ We see by the Union, that Joseph E. Williams, the colored orator who canvassed Georgia and a portion of Alabama, in 1867, in opposition to Radicalism, was to lecture to the colored race in Nashville, recently. Subject, "Light on the Chinese Question; or, Chinese Immigration."

☞ A Biblical archæologist who writes for the Mobile Tribune, has discovered that Sodom and Gomorrah were a kind of ancient District of Columbia, in which the Congress of the period used to assemble, and cut up "high jinks" as the Congress of this day is want to do.

☞ Forty years ago, a blooming young girl of sixteen, married an old man of sixty for his money, expecting that he would soon die and leave her a wealthy young widow. Last week the lady died at the respectable age of fifty-six, leaving a husband, aged one hundred, and four children to mourn her loss.

☞ The street railroad between Rock Island and Moline has been operated eight months. Gross receipts for fares, $12,000. Expense Account—salaries, repairs, horse feed, etc., $5,500; leaving a profit of $6,500, or about $800 per month. The total investment of the company is $65,000.

☞ A sentimental editor says: "It is comfortable to know that one eye watches for our coming, and looks brighter when we come." A contemporary is grieved to learn that his "brother of the quill has a wife with one eye."

SIMMONS' LIVER REGULATOR OR Medicine for Dyspepsia, Headache Jaundice, Costiveness, Camp Dysentery, sick Headache, Chronic Diarrhœa, Affections of the Bladder and Kidneys, Fever, Nervousness, bills, Diseases of the Skin, Impurity of the Blood Melancholy or Depression of Spirits.

Most of the ailments here enumerated have their origin in a diseased liver, which is the most prevalent affection in this country, and as in many cases the patient is not within the reach of a physician, it requires that some remedy should be provided that would not in the least impair the constitution, and yet be active and safe. That such is the character of the SIMMONS REGULATOR there can be no doubt, which the testimony of hundreds will establish.

SYMPTOMS OF A DISEASED

LIVER.

Pain in the side. Sometimes the pain is felt under the shoulder blade is mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness, bowels in general are costive, sometimes alternating with diarrhœa. The head is troubled with pain, accompanied with a dull, heavy sensation. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he dreads every remedy. Several of the above symptoms attend the disease, but cases have occurred when few of them existed, yet examination of the body after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the foregoing symptoms appear. It is a purely vegetable compound, is not injurious to the most delicate constitutions, and will excite the liver in healthy action if used properly.

Persons living in unhealthy localities may avoid all bilious attacks by taking a dose occasionally to keep the liver in healthy action.

Regulator

For children complaining of colic, headache, or sick stomach a teaspoonful or more will give relief. Children, as well as adults, eat sometimes too much supper, or eat something which does not digest well, producing sour stomach, heart-burn, or restlessness; a good dose will give relief. This applies to persons of all ages.

Many persons, from eating too much, are restless at night, or in day time hoggy, wool-gathering, can't understand what they read, can't keep their thoughts on any one subject so as to reason well, or become fretful. One or two tablespoonful will give relief.

Jaundice.—Take enough Regulator after eating each meal to produce one full action from the bowels every day.

Pregnant ladies will find sure relief from their headache, costiveness, swimming in the head, colic, sour stomach, restlessness, etc., etc.

DR. HUNTER.

CONTINUES to treat all private diseases, Syphilis in all its forms, Gonorrhea, Gleet, Stricture, Orchitis, and all urinary diseases, and the effects of nursery are completely eradicated; Spermatorrhœa or Seminal Weakness, resulting from self-abuse or other causes, and which produces some of the following effects: nocturnal losses, indigestion, constipation, aversion to society, insanimiless, dread of future events, loss of memory, indolence, nocturnal emissions, and finally prostration of the vital powers, can be fully restored to health. Persons afflicted with these, or any other delicate, intricate, or long standing constitutional complaint, should give the Doctor a trial. He never fails.

The Doctor publishes a medical circular that gives a full exposition of venereal and private diseases, that can be had free at his office, or by mail for one stamp. It gives a clear description of all the diseases and conditions resulting from the infringement of the moral laws, excesses, indulgences, exposures, and imprudences in married or single life. Every sentence contains instruction for the afflicted, and enabling them to determine the precise nature of their complaints.

The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal consultation is absolutely necessary, while in others, daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every convenience that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own Laboratory, under his personal supervision. Medical pamphlet at office free or by mail for two stamps. No matter who have failed, read what he says.
